My Joy is the exploration of the Tarot with others, that we, together, may discover our Paths of Light. It is my hope that as we All come more into our own Light that others will be attracted by its loving pull of possibility. In this way we all become agents of change. We can then take the responsibility of creating a new paradigm of Love, Peace and Abundance for All.

News: This new moon message seems to have the same message as last month. Perhaps the only solution is Presence... So scary to the ego. For in Presence, it loses its control. Ah, me....

And so the challenge of evolution continues. The challenge to stay open while monitoring our judgements. The challenge of truly listening to others who see the world differently and on and on...

The next turn on the Celtic Wheel is the Lughnasadh, the First Harvest. We will celebrate on my back deck, July 30 at 5PM. If you are not on the official guest list, let me know your interest and I will send you an invite. (-:

Until then, appreciate and celebrate the Light!

Be Well in Body and Spirit and...

Message for the New Moon June 2022

The intensity of the flux of energy on the planet at this time is great. Your reality is truly very challenging even as the energetic ebb and flow enlarges your perspective. Perhaps the greatest challenge is holding your center even as you are pulled sideways. Even as you are drawn ever deeper into your psyches.

As you are pulled within, are you shocked by what you find? As you witness humanity's reactions to events, are you appalled? Lift yourselves above the fray. See the whole picture expand on a galactic level and understand the evolutionary impulse of the Universe itself. Understand you are all part of something far greater than the personhood you all cling to.

Sit and Lift your energy into your vast Being whose compassion and Love override it all. Stand in alignment with your vastness. Do not be cowed by the events of linear time. Lift to a higher vibration, for as you know, it is all vibratory.

What you are witnessing is a compacting of energy, a very low vibration. When you feel hate, intense judgment, anger, your energy compacts. Bring yourselves out of the clutches of bias and judgment and expand your vision of what is possible. Yes, the happenings on the planet are beyond comprehension, for you are having an intense evolutionary leap. Yes, there is purpose in duality stretched to its extremes.

How to navigate these extremes of duality? Come to your center. Feel the pushing and pulling of Feeling. This is not about rigidity. This is about feeling it all. The fluidity of feeling, without getting stuck in opinion, grief or rage...

As you all know, when you find your center, when you relax into your greater Being, you see much more clearly. And, what else begins to emerge? Love Love for the process. Compassion Compassion for yourself and all humanity as it struggles to emerge from an old paradigm.

Be an observer of your self and others. Notice how Fear is the driving force. Notice how Fear limits solutions, how Fear limits the Joy of the present moment, how Fear keeps you small, how Fear stifles your imagination. You will find solutions. You will find ways to navigate and find Joy in this process. Trust Trust who and what you are. Lift yourselves up daily. Allow a brand new perspective of possibilities that cannot found in Fear.

New Moon Reading Questions

I ask what We, as a collective of souls, can learn from the message I received

Reading for the Tribe for the New Moon of June 2022

Card One

What is the vibrational level of the Tribe of this email list at this time?

Card Two

What card represents our Fear at this time?

Card Three

How to “navigate these extremes of duality,” the flow of Feelings?

Card Four

When we observe from our center, from Presence, what emerges?

Card One

What is the vibrational level of the Tribe of this email list at this time?

The **Five of Wands** is so appropriate. The Wands of the Tarot are our vibrational Being, Source, Spirit, Greater Will and Ambition. This version in the Thoth deck shows the struggle of our small will when the Universal Will for evolution applies pressure. We are challenged. We are struggling. Our safe little worlds are being rattled by the Greater Ambition of Universal impulse for Change. Surrendering to What Is and an ongoing upping of our frequency of Love is called for here. (-:

Card Two

What card represents our Fear at this time?

The **Tarot Fives**, when placed on the Tree of Life, are always challenging. The Fives feel destructive after the stability of the Fours but the purpose is manifestation, evolution. With the **Five of Cups**, we have the challenge of giving over to our Feelings. The Fives are a card of grief and disappointment. The feeling may be that we have been abandoned. How can Universal energy be Love when everything seems to be falling apart? Our Fear may be that we have lost our purpose, that we won't make it, that we are not Loved, that will not come to Love, that we will disappoint ourselves and each other with our inaction and self centered entitlement. But, look in the mud of this card. A butterfly is emerging. Out of all of this loss and destruction, something is emerging... Have Faith

Card Three

**How to “navigate these extremes of duality,”
the flow of Feelings?**

The **Prince, or Knight of Cups** in other decks, is the perfect navigator of Feelings. Prince/Knights are warriors of the heart, representing our Soul Selves which Feel No Fear. The **Tarot Cups** symbolize pure Feeling and this PrinceKnight, as a soul, is so focused on transformation, symbolized by the snake in the cup, that they allow themselves to be taken straight down into their depths. Water symbolizes deep consciousness, the waters of Feeling whose foundation is Love. This is the dissolution into our Greater Being of Love. Love which brings us all the extremes of Feeling, Joy and Despair. So as the message says: Come to Presence and Feel it All!

Card Four

**When we observe from our center, from Presence,
what emerges?**

The **Ten of Swords** is the destruction of the reality our minds create for us. This mind set is usually false as it was created for protection. Now notice the center of this card, a small radiating heart. So if we can come to Presence away from our minds, what emerges? Love emerges from the ruins of our mind's idea of what is right and wrong. This card is literally the “ruin” of what we “thought” was real.

So, as we struggle with the Greater Will for Change, **Five of Wands**, we are in Fear and despair for what we have wrought, **Five of Cups**. We are now asked to dissolve what we thought was reality and let the Heart of our Soul Selves lead, **PrinceKnight of Cups, Ten of Swords**. We are being asked to surrender to seeming destruction that we might find our hearts and our ability to love one another once more.

**Now it's your turn.
Do this month's reading for yourself to see
where you, as an individual, can contribute
to the whole.**

As always I welcome your
ideas, questions and comments.
