My Joy is the exploration of the Tarot with others, that we, together, may discover our Paths of Light. It is my hope that as we All come more into our own Light that others will be attracted by its loving pull of possibility. In this way we all become agents of change. We can then take the responsibility of creating a new paradigm of Love, Peace and Abundance for All.

News: The Autumn reminds us to come into balance with our dark, our Shadow and our light, our Cosmic Self. This is a vital balance for the collective in these times of such intense change. As we head deeper into seasonal darkness, it is an opportunity to ponder upon how we reflect these times we are living in. This is not the time to fall into despair but to instead to see our selves as seeds that will be nourished as we drop into our depths. This is the time where we root down so that we may find the strength to reach for the Light. To find the strength to stand tall and live as a model of compassion for ourselves and each other.

New Moon Message for September of 2025

Anger, sorrow... angst... What lies below these labeled feelings? Drop in deeper. Feel the under ground stream of ongoing, infinite energy that you call Life. Never ending, creating possibility like an enormous school of fish moving, darting until caught up in someones net of imagination. There is so much more to Feel, Imagine, Create.

The old creations are falling, stumbling, unable to rise to this moment. But You... are ever changing. You... are up to this moment. You, in your Deep Feeling, have the ability to access the underground stream of infinite possibility. Allow yourselves to feel your pain deeply and then when it feels like too much... Release what was and sit with What IS.

And why might you struggle to release your pain? Perhaps you find sitting with What Is, challenging. Perhaps if you did not label it pain but just Feeling... For it is these “feelings” that are the compost for a new seed of Possibility.

So much awaits you when you release the old mindset of how things used to be, distorted memories of better times... Better times? What does this mean to you? Humanity has been in this war against itself for millennia. Fear of the other, genocide, torture, war have been with you since you all chose to leave your Oneness and separate. The Grand Experiment...

And, you also have Free Will... Perhaps it would be best to sit with yourselves individually and ask: Why am I separating myself from others? Why am I making this choice? Perhaps it is time to examine your righteousness, your certainty of your knowing and just Be completely with What Is... Open to it All. Feeling it All. Allowing yourselves to be what you are, a conduit for Cosmic Energy whose sole purpose is Creation. The Life Force of the Universe has no judgment or certainty about what it will create, for it is only an emanation of Source which runs through you. You are the conduit. You choose, as the conduit, what will be created. You are the instrument of Creation on Earth. So start with you. Clean house. Cleanse yourselves of all separateness. Cleanse yourselves of judgment. Cleanse yourselves of the thinking that you alone know how it should be.

Instead, open to an inter-connective knowing of what humanity can create when it functions as its original purpose, a vessel of Cosmic Creation, a conduit of the Cosmic Mind of Love, endless, unconditional Love. What happens when this energy of Love is allowed to run through the human mind? Notice how your mind distorts with fear and the need to control. Ponder... Spend time daily sitting as an open vessel of Cosmic Consciousness that desires to express Itself through you.

New Moon Reading Questions

I ask what We, as a collective of souls, can learn from the message I received

Reading for the Tribe for September 2025

Card One

For this Tribe sitting with What IS... Sitting with our Feelings.

Card Two

What might arise as we sit with What IS?

Card Three

For this Tribe as a vessel of unconditional Love from Source.

Card Four

What is our resistance to this concept?

The Tarot card images you will see in the spread are from the Thoth deck.

Card One

For this Tribe sitting with What IS... Sitting with our Feelings.

When we sit with What IS, we become **The Hierophant**, listening to our deep Inner Guidance, the initiator of change, the Isis figure. See the golden child emerging in the heart space of this masculine priest. Something beyond the masculine and feminine is being born. When we sit below the pain of this birthing we can hear our Greater Consciousness speak to us of the Infinite possibilities revealed by seemingly endless catastrophes. When we sit with pure Feeling, beyond the reactive mind, we are led to our intuitive knowing, a wisdom we share with the Cosmic Mind. We are able to stretch beyond the limitations of our human mind that would defend the status quo out of fear of change. When we listen to our depths, we can have an expanded vision of what is possible, a new Humanity born of Love.

Card Two

What might arise as we sit with What IS?

See what the golden child has become! As we sit with What IS and listen, a vision arises, **The Queen of Wands**, our vibrational Light Being, the part of us still in Oneness with Source. This is the power of the feminine within the masculine element of Fire. So, I would say: what might arise is a vision of what we Truly are, a Being beyond duality, pure vibrating Light. The Hierophant is of this reality but the **Queen of Wands** is Us stripped of all of “what was,” all the identities we have taken on out of fear, all our defenses. When we sit with What IS we can now communicate with all of nature as we finally understand our interconnectedness with All.

Card Three

For this Tribe as a vessel of unconditional Love from Source.

All the Threes in the Tarot are cards of gestation and so the **Three of Disks/Pentacles** is a gestation of what might be birthed in physicality. As a vessel of unconditional Love, we are pregnant with the vision of what We can be, the vision of what Love in manifestation might look like. This possible new humanity is growing stronger within us All. We all remember on some level the bliss of the cosmic womb from which we emerged. We all remember on some level that we came here to serve with Love and bring heaven to earth. So be pregnant with what We can Be!

Card Four

What is our resistance to this concept?

The Tarot Swords represent the human mind so the **Three of Swords** is our remembrance of the pain of birthing when our mind takes over. Our minds resist this idea of our Cosmic Being, the idea of unconditional Love because it would lose control of the game. And so our mind vibrates pain, sorrow, and wrongness, telling us to stay separate. It tells us: Love only causes pain. Our mind cannot fathom the underground stream of Cosmic Force because our mind thinks IT is the creator and so it will resist the Feelings of intuitive wisdom from our deeper wisdom, **The Hierophant**. Our minds will resist the idea that we all vibrating Light/Love, the **Queen of Wands**. Our minds will resist the possibility that we are pregnant with a new human as a vessel of Cosmic unconditional Love, **Three of Disks/Pentacles**. Our minds will instead inflict pain and despair out of its fear of the annihilation of Love, **Three of Swords**. So listen to the new Being within. Trust in the birthing process and have compassion for your resistance.

**Now it's your turn.
Do this month's reading for yourself to see
where you, as an individual, can contribute
to the whole.**

As always I welcome your
ideas, questions and comments.
