### Carolyn Ayres

My Joy is the exploration of the Tarot with others, that we, together, may discover our Paths of Light. It is my hope that as we All come more into our own Light that others will be attracted by its loving pull of possibility. In this way we all become agents of change. We can then take the responsibility of creating a new paradigm of Love,

**News:** Believe it or not the Light is returning... And yes, it is going to feel much Darker before we can truly see the Light. A metaphor for our times. This is not the time to push back on the Dark but instead to understand that Light needs the Dark to birth new possibilities...

n other news, my classes are starting up again. I am in so much gratitude to those who choose to journey with me. I am lifted up and encouraged by the energy of my classmates as we turn our faces toward the Sun and infinite possibilities.

## New Moon Message for January of 2026

The stillness of Being. The calm before the storm.  
The Readiness. Preparation for the tsunami of Awakening.

It is time to Be. It is time to hold Stillness within. This is not a sterile stillness. It is an emptiness which allow fullness, a Fullness of Being instead of a fullness of thinking.

Expanded Being which invites in expansive thoughts. A different thinking from the conditioned, “correct” thinking of your culture, family and friends. Moving beyond politically correct to Right Thinking which means a thinking that encompasses All.

All people...All of Nature. .. Universal Thinking which is not based on fear.

Try it out. Wherever you are, take a moment and witness your thoughts.  
Try this through out the day... Witness your thoughts.

How much of your thinking is based on fear, judgment or worry which is also based on fear? How much of your thinking comes from unconditional Love? Compassion? Do this witnessing without judgment. Notice how challenging it is to witness your mind without judgment...

Right or Universal Thinking requires Stillness that you may receive Thought forms from a Mind beyond your own individual structure of personality and culture. A seeming emptiness in which you sit and Listen and Allow.

This is the practice.

This is how you thrive in the cacophony  
of the world and your own mind.

This is the Practice that brings solutions.

This is the Practice that brings Openness  
and finally the Awakening of Love.

## New Moon Reading Questions

I ask what We, as a collective of souls, can learn from the message I received

## Reading for the Tribe for January 2026

### Card One

For the Tribe's everyday thinking at this time.

### Card Two

For the Tribe in Stillness, receiving Universal Thoughts.

### Card Three

How can this Tribe come more into Right Thinking?

### Card Four

What might emerge for us as We sit in Stillness?

## Card One

**For the Tribe's everyday thinking at this time.**

**The Moon card** usually shows a dark, murky and scary path which tells me the Tribe is thinking: Where the hell are we headed? But the Thoth version of the **Moon card** also shows our efforts to move beyond the Towers of Fear. We see an Egyptian dung beetle rolling her ball of dung from which will come new life, beetle babies... So appropriate at this time. Yes, it is possible that out of all this bull%#! something miraculous may be birthed. For the **Moon card** is an initiation into a new way of Being. But first We must move beyond our Towers of Fear... If you look closely you can see the knees of a Feminine, the menstrual cycle and the birthing canal. The birthing canal can feel dark and very painful. I would say we are poised to give birth to something amazing. And, we must not allow our fear to constrict the birthing...

## Card Two

**For the Tribe in Stillness, receiving Universal Thoughts.**

Wow! **The Magus or Magician** is our magical, creative Being that would be birthed... The yellow orb in the Moon card. See all the tools at hand that this Magus is juggling, the solutions to all that we feel threatened by. The Magus is the conduit of Universal/Cosmic Mind that we have access to when we are vertical, that is, when we relax out of linear time into the present moment. Notice the monkey at the bottom right of the card. Our monkey mind trying to get our attention and take us away from this Higher Mind. Universal/Cosmic thinking is available. As the New Moon Message says: All we need to do is practice Stillness, Openness and then Listen and Trust.

### Card Three

#### How can this Tribe come more into Right Thinking?

Another Wow! **The World/Universe card** is Us in Universal Right Thinking. This is Us understanding that We Are the World. We are All connected, vibrational particles of Light. The World/Universe card symbolizes our Feminine flow of Being, the World Dancer. In the Thoth Universe card, we have our foot on the monster in the direct path of the Awakening Eye. We are controlling the “monster” of egoic fear and it is enabling our Awakening. Notice the ocular hair, the listening, the nakedness of “knowing,” the Willingness to dance through into the unknown. Our Action is the Courage to cast off our cultural conditioning and Allow the awakening coming through the seeming “monster” of our own fear...

### Card Four

#### What might emerge for us as We sit in Stillness?

Ah, yes, when we allow ourselves to be in Stillness, we Feel very deeply. So it is no surprise that the **Three of Swords** shows up. We need to allow our minds, the Swords of the Tarot, to grieve, to feel the piercing of our hearts that we may move through the trauma/drama that we create here in the physical plane. Feeling deeply will enable us to walk the initiatory path of the **Moon card** holding the hand of our fear. This will enable us to open to our Universal Self and its Great Wisdom, **The Magus**. So, that we might allow our Becoming, our wholeness of Being, **The World/Universe card**. Breaking open our crusty hearts into Unconditional Love, **Three of Swords** enables the courage to walk the **Path of the Moon**, to be what we are, **The Magus** and be a **Light of the Universe/World**.

**Now it's your turn.  
Do this month's reading for yourself to see  
where you, as an individual, can contribute  
to the whole.**

As always I welcome your  
ideas, questions and comments.
