My Joy is the exploration of the Tarot with others, that we, together, may discover our Paths of Light. It is my hope that as we All come more into our own Light that others will be attracted by its loving pull of possibility. In this way we all become agents of change. We can then take the responsibility of creating a new paradigm of Love,

News: When I sit down to bring in these messages, I have no idea what the theme will be. And then, when I draw the cards for the message, I am often nervous about what will appear. So when I looked at the cards for this month's reading, I was a bit dismayed. But, as I dug into the reading, I realized that, as always, the Tarot shows us our Truth. Just remember, I am reading for the Tribe of my email list, 500 souls, a mass consciousness. Your individual consciousness can change the mass consciousness. I hope you all do the spread for yourselves. (-:

New Moon Message for August of 2026

The Door in the middle of the Path...The crossroads.... The clarity of a path to the left, a path to the right... And then the Door in the middle, right in front of you. Notice that you know it is there but pretend not to see it. The mind tells you to choose the right or the left. The mind ignores the Door. It is an unknown.

Do you dare open the Door to the Unknown? To possibilities beyond what the mind is capable?

The human mind sees life as a series of choices, sometimes, have to's and should's. Sometimes, wants and needs... But the choice of the Door in the center has nothing to do with the mind's desires of success or survival. The Door in the

middle of your Path is the Door of Initiation beyond what you view as reality. The Door offers an alternative, an opportunity beyond the judgment of bad and good, right and wrong. The Door is simply the choice of opening to your Greater Being, the rest of what you are... which also has Desires. And, you won't know that Greater Desire unless you open the Door...

What is this metaphor your mind asks?
I don't see the choice of a Door....

Close your eyes... Breathe... Pull yourself out of linear time. Become vertical... Present... Place your focus a couple of inches from the middle of your forehead. Imagine in your mind's eye, a very special Door. Notice what it looks like. Notice how you feel standing in front of this Door. Feel what lies beyond this Door... Notice how your mind fears opening it. Why? Because this door opens to a Reality the mind cannot comprehend or control. Opening this Door asks you to surrender to the reality you swim in. The vibrational background of all existence. Where all "things," all forms interconnect beyond your idea of physical reality. Where there is no experiencing the world as separate from the self.

A very new perception.

Play with this vision. Practice opening the Door of your Third Eye. Begin to sense what lies beyond the voice of the mind, what lies beyond what your brain allows you to see.

Lift yourselves from the fear of what might happen
and open the Door to What Is.

Allow yourselves to begin to move to another Plane of Existence. It is Time...

New Moon Reading Questions

I ask what We, as a collective of souls, can learn from the message I received

Reading for the Tribe - August 2026

The Tribe at the Crossroads of Choice

Card One

For the Path on the left.

Card Two

For the Path on the right.

Card Three

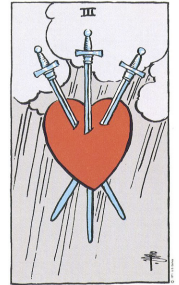

For the Door in the Center

Card Four

What might we, The Tribe, experience if we open the Door?

Card One

For the Path on the left.

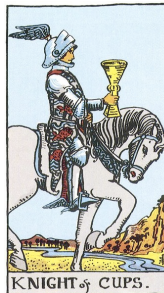

The Three of Swords is a very familiar card with the Waite Smith deck. A piercing of the heart with three swords which represents the mind. To the left you see the Thoth version. Again a piercing, now the piercing of a rose, our illusion of the reality that we have so carefully created.

The Path on the left then becomes the choice to think about the destruction of all we had hoped for, the choice to mentally focus on the pain of what we have created in the dark wombs of our imagination.

Card Two

For the Path on the right.

The **Prince of Cups** or **Knight of Cups**, as in the Waite Smith, can be seen as the card of the Lover. The Lover who is willing to dive deep into the feelings we call Love. And what we call Love can elicit bliss or despair, the suit of Cups. The Prince's helmet represents the element of Air diving into the element of Water. So the Path on right is the choice of the mind's ambition to follow our soul's path of Love. Our mind says: Choose Love and has no idea how to do that. (-: This choice then becomes similar to the Three of Swords. As we attempt to follow our soul's mission of unwavering Love with our intellect, we tend to find our minds drowning in grief about what is happening to us and our world.

Card Three For the Door in the Center

The **Four of Wands** is a total shift from any choice at all. Notice the word Completion. The Cosmos has already made the choice of Creation. The Door in the Center represents the beauty of the Cosmic vision of what We are, a vibrational Self in perfect balance. This is the Door of a Higher Plane of existence. See the perfect balance of the dove as feminine energy and the ram as masculine energy. All is in order. All energies focused and working together. This is not the order our minds have conceived. The Wands represent the Cosmic Order, a concept far beyond the human mind. So the Door becomes an opening to Higher Dimensions where we can find a sense of peace, no matter what is happening in physical reality.

Card Four

What might we, The Tribe, might experience if we open the Door?

It looks ominous, doesn't it? And that word, Failure... But this is the **Seven of Disks/Pentacles** the very misunderstood and cleaned up card of the Waite Smith card. Look closely. The crop is blighted. The seeds we planted in physical reality have failed as the Thoth version reveals. This card says to me, that at this time, our minds are so focused on the failure of our reality, that we are unable to see beyond the physical destruction of our Garden of Eden. It is as though we must forgive ourselves for our Failure to bring the Cosmic Creation, **Four of Wands**, into form. We must feel this intense Sorrow, **Three of Swords**. We must learn to be a Lover of ourselves, each other and every aspect of the planet, **Prince/Knight of Cups** before we can see that everything is in Divine order, that we are Divine, **Four of Wands**. Then perhaps the dark veil that hides the Vibrational Light of which everything is created, **Seven of Disks**, will then be lifted and we will see through the illusion.

**Now it's your turn.
Do this month's reading for yourself to see
where you, as an individual, can contribute
to the whole.**

As always I welcome your
ideas, questions and comments.
