My Joy is the exploration of the Tarot with others, that we, together, may discover our Paths of Light. It is my hope that as we All come more into our own Light that others will be attracted by its loving pull of possibility. In this way we all become agents of change. We can then take the responsibility of creating a new paradigm of Love, Peace and Abundance for All.

News: I recently was interviewed for the podcast, *Soul Reverence* on Spotify, by my good friends, Amazing Astrologer, Marianna Vulgaris and Counselor for the Soul, Nicole Love. The theme that emerged was “Death by Intent.” I love this idea of intention because it gives me a sense of control, that is, I choose to let go of linear future. I choose to allow this falling away to Presence for my own and other’s evolution. There is no doubt that in the coming years, we will all be asked to sacrifice in some way. Let’s choose to see this sacrifice as positive, as a contribution to the whole. Let us choose to Trust in the process.

Celebration of the seasons continues on my back deck with Mabon, the Autumn Equinox. We will gather Friday, September 23 at 5PM. If you are not on my official guest list and would like to come, just email me. (-:

Until then, embrace the waxing Light!

New Moon Message for August of 2022

Sadness Grief Loss It is important to not dismiss these Feelings. What is happening to the planet, and so to you All, is real. So much that you thought was permanent is being erased and yes, this brings up deep feelings of grief. Sometimes anger... But we would say that anger is only protection from the pain of loss. Loss and then Gain. The ongoing balance of life. Life, that You signed up for, that You came here to experience.

And what is to be gained, you may ask, by so much loss? We know you understand that when something leaves, there is then space for something else. This is what you call evolution. This is how you grow. This is why you invent. This is what motivates your desire to create. Failure ignites. Loss, when allowed to work its way through the system as deep feeling, feeds the urge to action. Loss and its partner Grief, cleanse the system which can then open to something very new.

Desperation drives innovation so instead of giving up, Nature gives over. You all have this ability to keep living, to adapt, to thrive even in times of great distress. Yes, you could give up but this is different than giving over, different from surrendering to the grief, surrendering to the loss. When one gives over, when one surrenders to the feeling, one can then be taken to another way of being. With the cleansing, the dissolving of the old system, the old identity, there is now space and energy for something very new.

Notice your resistance to this message. Notice the tiny ray of hope that there might be something positive in so much seeming negativity. Just notice. Be with your experience. Allow the depth of feeling. Let the feelings flow through you as a great flood washing away all that is familiar. Now stand in this unfamiliar landscape and Imagine. Dream and then Create something new. Allow your Greater Creator aspect to begin to work through you. Trust
This is what you call Evolution.

New Moon Reading Questions

I ask what We, as an email collective of Souls, can learn from the message I received. I then draw cards for the spread.

New Moon Reading for this collective of Souls, August 2022

Card One

A card symbolizing what we feel we are losing.

Card Two

A card symbolizing what we might be gaining.

Card Three

A card for our resistance to Evolution.

Card Four

A card for what is emerging at this point in our Evolution.

Card One

A card symbolizing what we feel we are losing.

Of course, we feel that we are losing Control! Look at this **Page/Princess of Swords**. They are in a very precarious position as they try to fight off and defend against a seeming onslaught of shadow and light. Swords, in the Tarot, are our human mind which feeds on fear for its job is to protect and keep control! But notice their green costume and wings. We may feel we are losing the battle but our intention is growth and as this Amazon Princess/Page we will continue to cut through the smoke and mirrors and have the courage to seek Truth.

Princess of Swords

Card Two

A card symbolizing what we might be gaining.

Illumination! The **Eight of Wands**, in the Thoth deck, shows our brains being rewired by Cosmic illumination. The rainbow symbolizes the harmony that appears in our minds when we give over to the Greater Mind. For the Greater Mind sees purpose even in catastrophe. Notice the rainbow hued forms emerging from our brain on fire with Cosmic Knowing. There is so much to be gained by giving over and opening to our Greater Selves. So many wondrous possibilities can emerge from so much seeming destruction.

Card Three

A card for our resistance to Evolution.

The **Wheel of Fortune** is Evolution! When the Wheel appears: Resistance is futile. The future is already set in motion. This is the ultimate surrender card of destiny and fate which we create with our actions and thinking... Yes, you can resist and spin on the outer rim but why fight the centrifugal forces of change? Instead, crawl to the hub of the Great Wheel where all is quiet and still. Be Present with the seeming cacophony of resistance and instead allow, surrender to your circumstances and fall through into a new and unfamiliar landscape.

Card Four

A card for what is emerging at this point in our Evolution.

Yes! **The Fool!** The Fool in the Tarot is our pure essence, our soul, our energetic being who has incarnated here on Earth for an adventure in physical reality. This is the aspect of us that has no fear, that lives in Presence, that embraces all experience. This is your immortal being who moves through lifetimes feeding the Cosmic Spirit with its experience and learning. This is the part of you that can feel Joy for no rational reason. Joy for being of service to the whole. Excitement about this adventure of Evolution. So have the courage to face what is coming, **Princess/Page of Swords**. Crawl to the center of the **Wheel of Cosmic Will** and open your minds to Cosmic Illumination, **Eight of Wands**, and release, release, release into your Soul's journey with great Joy and Excitement for the enormous changes upon the planet, **The Fool**.

**Now it's your turn.
Do this month's reading for yourself to see
where you, as an individual, can contribute to
the whole.**

As always I welcome your
ideas, questions and comments.
