My Joy is the exploration of the Tarot with others, that we, together, may discover our Paths of Light. It is my hope that as we All come more into our own Light that others will be attracted by its loving pull of possibility. In this way we all become agents of change. We can then take the responsibility of creating a new paradigm of Love, Peace and Abundance for All.

News: I write this to you the day before our day of Gratitude. I am working all day to be in Gratitude so that I don't create stress trying to make a great dinner of Thanksgiving for others. The paradox of Thanksgiving...May you all find time to sit in Gratitude every day. (-: I am extremely grateful to this email list of over 300 people who are actively seeking the Light within themselves that they may radiate back into the World Collective! Thank you!

You may notice I have attached several flyers and announcements. The workshop for New Year Readings for 2023 will happen in January and I have sent you a list of Tarot classes I will be offering in 2023. Also, I am including information about my Free introduction to my classes the first week of January. And, the Celtic Wheel turns again with the Winter Solstice celebration of the returning Light, Wednesday, December 21 on my back deck. Contact me if interested in attending.

Until then, embrace the Darkness!

Message for the New Moon of November 2022

What are you calling in? What kind of world do you call in with every word and action? With every thought? Listen to yourself. Be curious as to what you are telling yourself and so the world. Your experience of physical reality vibrates back into the energetic field that creates your reality. You might say that, "What you see is what you get."

Ask yourselves: What do I want to get? What would I like to receive? Love and Abundance? Hate and Lack? How to lift up a seemingly awful experience to a higher level with your response? How to move from blame and anger to the question: How am I complicit in what happens in my world?

We hear your voices asking for meaning of these world events. We hear you asking: What is the purpose? We would say the purpose is to push you to expand your sense of the meaning of your lived experience. If you take everything at face value, on the ground level and look with tunnel vision, yes, It is all awful. The world is falling apart. Yes, you are doomed. Can you instead expand and lift up into what we would call a higher vibration? Can you climb high above the drama of human reality and see the greater purpose? The cause and effect that is birthing a very new reality?

Yes, people are waking up. Yes, it seems horrific what humanity must go through in order to wake up. But it is happening. And as you all wake up to a greater reality beyond your day to day, you all begin to see how you affect your reality. You begin to understand how your attitude, your beliefs, your words and actions change the results, change the trajectory of what what happens next. We understand that it may feel hopeless. We understand the tendency towards negativity. And, we understand that as you change your response, as you open your eyes and mind to meaning and purpose that you change the world itself. Instead of standing aside and pointing fingers, jump into the fray, for you are the cause.

Be the Effect of positive change with the response of a higher vibration of Compassion, Love, Gratitude, Understanding and Forgiveness. Change your reality with a positive action of choosing a different response.

New Moon Reading Questions

I ask what We, as a collective of souls, can learn from the message I received

Reading for the Tribe for the New Moon of November 2022

Card One

What is this email collective calling in with our thoughts and actions?

Card Two

What reality are we then All creating?

Card Three

How to lift our perception of our reality to an even higher vibration?

Card Four

What must we hold close to our hearts so that we do not succumb to despair?

Card One

What is this email collective calling in with our thoughts and actions?

The **Eight of Pentacle/Disks** is about the Great Work of Becoming all that we can be. The Thoth card shows how this Work begins in physical reality as we ground into Mother Earth, as we ground into our physical vessel. See how the blossoms are being protected from the Light of Awakening before our bodies are ready. We must nurture our physical selves so that we can receive more of the Light of our vibrational Being. So I would say we are calling in more of our Soulful Selves. We are preparing our physical selves to hold a higher vibration of Light.

Card Two

What reality are we then All creating?

We all know, scientifically, that we are vibrating atoms and molecules. The Wands of the Tarot symbolize our vibrational Self, our Higher Being, our inspired Creative Self. The Sixes in the Tarot represent a dynamic centered Presence that allows us to hold the extremes of Light and Dark. So the **Six of Wands** shows that our Work of Nurturing our physical selves enables us to receive more of our Soulful Selves. So the reality we are creating is one driven by our Soul rather than our personality or ego. As our Soul, the **Six of Wands** is the reality of being of service to the Whole, the idea that we are all One. This is a very different reality from what we are now living where our focus tends to be on ourselves and our immediate family. Sitting in the Seat of the Soul with the **Six of Wands** shows us that the whole planet is our family.

Card Three

How to lift our perception of our reality to an even higher vibration?

Can we lift our vibration even higher than the Six of Wands? Yes! Is it kind of scary to give over to this fiery Cosmic energy of the **Two of Wands**? Yes! The **Two of Wands** is the Ace of Wands, Cosmic Desire for Heaven on Earth, in action. These fiery Tibetan dorjes of the Thoth Two of Wands are the Cosmic fuel we can tap into to carry us into the New World. As the Ace of Wands goes into action with the **Two of Wands**, we are asked to surrender to the power of the Universal Mind which our small minds cannot comprehend. We are asked to Trust that all the happenings in our private lives and the world have purpose beyond what we can imagine.

Card Four

What must we hold close to our hearts so that we do not succumb to despair?

The **Queen of Swords** always holds the Truth of the Cosmos close to their heart. This archetype never wavers from the Cosmic Truth that We Are All One, that all is Sacred and Holy, that we are interdependent. That one shooting vibrates through whole. That one loving smile vibrates through the whole. We cannot extract ourselves with blame and finger pointing. We can blame and finger point at ourselves but that does not help either. It is the act of taking off the mask of the human and giving over to the Truth of our vibrational Being that will enable a great sea change. We are preparing to become what we truly are by taking care of the Earth and so our bodies, **Eight of Pentacle/Disks**. We are calling in our Cosmic Light Selves, **Six of Wands**, daring to give over and Trust the idea that we are all One as we open to a new world, **Two of Wands**. We are being asked to take off the ego mask, put down the little Sword of the mind, reveal our Hearts and tune into a Higher Truth, **Queen of Swords**.

**Now it's your turn.
Do this month's reading for yourself to see
where you, as an individual, can contribute
to the whole.**

As always I welcome your
ideas, questions and comments.
